

The Susan Anderson Nash Need-Based High School Grant

In keeping with our desire to make it possible for committed WWS/Waldorf families to choose our high school and allow their children to complete their Waldorf education, we offer the Susan Anderson Nash grant.

Any high school student at WWS whose family applies for financial aid and qualifies for assistance *beyond* our regular 50% cap, will have their high school student's full need met by a combination of financial aid and the SAN Grant. The following describes the process for receiving the grant:

- The family must apply for tuition assistance through SSS, our regular financial aid process. See the Financial Aid Brochure on our website at www.washingtonwaldorf.org
- Families whose financial aid exceeds the WWS 50% financial aid cap, will automatically receive an additional grant to meet their high school child's full need.
- Families receiving the SAN Grant will be notified at the same time they receive their financial aid award.
- There is no requirement for the high school student to apply or participate in a process to receive this grant.

We are sure Susan Anderson Nash would be very pleased with this award that bears her name. We think she would whole-heartedly approve of the opportunity it offers for many more to have the crowning experience of a full Waldorf education.

Please contact Lelia True, with questions about the Susan Anderson Nash High School Grant at Ltrue@washingtonwaldorf.org or 301-229-1040.
